President’s Message
Douglas P. Cole, P.E.

Now that Spring is finally here, let’s talk golf. Our 19th Annual Spring Golf Scholarship Tournament will be held on Friday May 1, 2015 at the Kingswood Golf Club in Hudson Falls. The event has a 1 PM shotgun start and includes free range balls, lunch, cart, greens fees, prizes and a hole-in-one contest on hole #2. Please see the registration form and hole sponsor form in this newsletter. The Spring and Fall Golf Tournaments are our biggest fund-raisers for the Scholarship Program, so please come out and have some fun while supporting this important engineering community outreach program.

Our Monthly Programs Committee has scheduled a seminar for April 29, 2015 entitled “Geosynthetics in Paved & Unpaved Applications”. This seminar will be held at the ECA/NYSSPE office, 6 Airline Drive, Albany, NY 12205. Be on the lookout for emails from Steve Moore, PE with the announcement for this seminar and other upcoming Chapter events.

I also want to take this opportunity to ask for your help. If you know another Professional Engineer that is not already a member of the NYSSPE, please talk to them about becoming a member. Share this newsletter with them, as it contains information about many of the varied and interesting things our Chapter does, as well as links to the State and Capital District Chapter websites.

President’s Message continued on pg. 2
Members can get free PDH’s on the State website and can attend our monthly programs for a reduced fee to earn additional PDH’s.

Chapter members are always welcome to attend our monthly meetings, which can be found on the schedule of events on the Chapter website. As always, you are encouraged to become a more active member in the society and volunteering to be a Director on our Board is a great place to start. I have found the involvement with the Chapter Board a very positive and rewarding experience.

Sincerely, Doug

---

**RPI v. Clarkson Hockey Night Recap**

Tie game (again!) 3-3

On Friday, February 27th, 35 Members along with their family and friends attended a see-saw battle between the RPI and Clarkson Hockey teams. RPI got off to an early lead only to see Clarkson battle back to tie. The back and forth battle continued with RPI having a 3-2 lead until 13:18 of the third period when Clarkson tied the score. Regulation play ended in a tie that was not broken in the 5 minute overtime period. So, for the second year in a row the two teams battled to an overtime tie!
Contrary to the rumor going around, spring will be coming and we will soon be golfing. Our golf tournaments are our primary source of funds for our Annual Engineering Scholarships our chapter awards to area high school seniors who will be staring their engineering studies this fall.

The tournament will be held Friday May 1st at Kingswood Golf Course in Hudson Falls, NY. So get together a foursome of your golf friends for a day of fun filled golf with the chance to win $10,000 in our hole in one contest as well as other hole in one prizes including prizes like a Kindle Fire, $500 Gift Card, and Sets of Golf Irons. We will also have longest drive and closest to the pin contests. In addition we will have our normal prize drawings which provide everyone with a chance to win.

Entry information as well as a prize donations letter and hole sponsorship letter follow in this newsletter. These documents are also available on our chapter web site. In addition, if you can forward this information to any of your business associates to play in the tournament or donate prizes, it will be greatly appreciated.

If you have any questions on the tournament you can contact Mark Ritter at 518 668-2985 or markritter@nycap.rr.com.
NINETEENTH ANNUAL
NYSSPE ENGINEERING SCHOLARSHIP TOURNAMENT
CAPITAL DISTRICT CHAPTER NYSSPE
KINGSWOOD GOLF CLUB
MAY 1, 2015
1 PM SHOTGUN START
ENTRY FEE $80 PER PLAYER MAXIMUM 32 TEAMS (128 PLAYERS)
Soft Spikes Only- Entry Must be received by April 17th
FORMAT 4 PERSON SCRAMBLE (MINIMUM 3 DRIVES PER PLAYER)
FREE RANGE BALLS*LUNCH*GOLF*GOLF CART*PRIZES*
$10,000 HOLE IN ONE CONTEST (FOR AMATEURS) HOLE #2
HOLE IN ONE CONTEST ON ALL PAR THREES
CLOSEST TO THE PIN ON ALL PAR THREES

Subject: Hole Sponsorship Form for Nineteenth Annual NYSSPE Scholarship Golf Tournament

The local Capital District Chapter of the New York State Society of Professional Engineers, NYSSPE provides scholarships to high school seniors from Albany, Columbia, Fulton, Greene, Hamilton, Montgomery, Rensselaer, Saratoga, Schenectady, Schodack, Warren and Washington counties who are entering their freshman year of Engineering Studies. Our Eighteenth Annual Spring Golf Tournament will be on May 1st at Kingswood Golf Course in Hudson Falls, NY.

Individual hole sponsorships are $150. This will provide a display of a sign with your company name and business information or complete company information if camera ready art is provided. In addition you will receive recognition on information provided on each cart as well as at the awards portion of the tournament.

Please provide the following information:

Company Name ____________________________

Company Address __________________________

Company contact information. (Phone number and/or web information ____________________________________________________________________________

Make check payable to (F.E.E.) Foundation for Engineering Education
Send camera ready art work (if applicable) to markritter@nycap.rr.com.

We appreciate your support of our tournament. Let me know if you have any questions.

Regards

Mark Ritter, P.E.
Chairman, Spring Golf Tournament
Capital District Chapter, NYSSPE
236 Konci Terrace
Lake George, NY 12845
668 2985 Home
338 5579 Cell

The Capital District Chapter is sponsoring another 1-hour seminar on **Wednesday, April 29**. The seminar will be held at the NYSSPE office at 6 Airline Drive in Albany. Registration will begin at 7:30am, and the program will begin at 8:00am. This seminar has been approved for 1.0 PDH.

This seminar is entitled “Geosynthetics in Paved and Unpaved Applications” and will be presented by Doug McCluskey from EJ Prescott. The seminar will discuss the use of geosynthetic pavement reinforcement products, as well as the use of geosynthetics in other applications. Please see the attached file for the announcement and specifics of the seminar.

For registration, please contact Steve Moore ([smore@atlantictesting.com](mailto:smore@atlantictesting.com)) or by calling 518-383-9144. Payments may be made at the door. Please make checks payable to “CDCNYSSPE”, or make an effort to have exact change.

This seminar is free for all students and student Chapter members. Steven N. Moore, P.E.
2015 E-Week Summary

by Martin J. Zanghi, P.E.

The Capital District's 35th Celebration of National Engineers Week was held on February 26 & 27, 2015 at The Albany Marriott. There were (796) attendees, (42) exhibitors & (70+) Speakers & Students. Assemblyman Angelo Santabarbara, P.E. was our Keynote Speaker. Another very successful event for the Capital District. Thanks to all that attended, hope to see you again next year!

We thank the following Sponsors for their support:

**PLATINUM Sponsor:**
HNTB Corporation

**GOLD Sponsors:**
Atlantic Testing Laboratories
C.T. Male Associates

**SILVER Sponsors:**
ASCE Mohawk-Hudson Section
Iseman Cunningham Riester & Hyde, LLP

**Thursday Lunch Sponsor:**
ASCE Mohawk-Hudson Section

**High School Bridge Competition Sponsor:**
Curtis Lumber

### 2015 Model Bridge Contest Winners

**Aesthetics**
1st place $150  Yang Lin, Ballston Spa
2nd place $100  Mike McCann, Shenendehowa
3rd place $50  Zin Wai, Rensselaer
($200 total including 1st place load prize)

**Max Load**
1st place $150  Zin Wai, Rensselaer
2nd place $100  Daniel Ault, South Colonie ($600 total including 1st place efficiency prize)
3rd place $50  Connor Cragon, South Colonie ($300 total including 2nd place efficiency prize)

**Max Efficiency:**
1st place $500  Daniel Ault, South Colonie
2nd place $250  Connor Cragon, South Colonie
3rd place $100  Xhoni Kulira, South Colonie

**School Prizes:**
Max Average Load: $200  South Colonie
Max Average Efficiency: $200  South Colonie

**Stipend Checks: $200 for each participating school**
- Ballston Spa
- Chatham
- Maple Hill
- Mohonasen
- North Colonie
- Rensselaer
- Shenendehowa
- South Colonie
- Ticonderoga
- Troy
On Saturday February 7th, SUNY Adirondack hosted 43 students from 6 local schools (St. Mary’s-St Alphonsus, Corinth, Saratoga Maple Avenue, Schuylerville, Augustine Classical Academy and Greenwich) who participated in 23rd annual Tri County Mathcounts competition.

Mathcounts is a nationwide, extracurricular mathematics enrichment program for students in the 6th through the 8th grades. The competition consists of individual and team written tests culminating in a series of one on one contests to determine the overall individual winner. The top three teams and two additional individuals will advance to the state competition at RPI with an opportunity to advance to the national Mathcounts competition.

The local event is sponsored by the Capital District Chapter of the National Society of Professional Engineers and in addition to their members, the competition utilizes volunteers from the local chapter of the GE Volunteers and the Adirondack Branch of the American Association of University Women.

The first place team was St. Mary’s-St. Alphonsus in Glens Falls, the second place team was Maple Avenue School in Saratoga and the team from Greenwich finished in third place. Max Su from Maple Avenue School in Saratoga was the top individual followed by Evan Powell from St. Mary’s-St. Alphonsus and Elizabeth Oxaal from Augustine Classical Academy.
Mathcounts Results – Capital Region

by Martin J. Zanghi, P.E.

The Capital District’s 32nd MATHCOUNTS Chapter Competition was held on February 7, 2015 at the GE Global Research Center in Niskayuna. There were (14) schools with (112) students that competed. Photos of the event are available for viewing on our website:

1st Place School: Farnsworth Middle School
  • Henry Li
  • Daniel Bemis
  • James Gu
  • William Guo

2nd Place School: The Albany Academies
  • Yunseo (Linda) Park
  • Alex Li
  • Zachary Huang
  • Edwin Yang

3rd Place School: Iroquois Middle School
  • Al-Wen Joy Lim
  • Suhao Jeffery Huang
  • Ian Vernooy
  • Benjamin Yao

The Top (2) students not on a winning team were Yeon Woo Kim from Koda Middle and Rubin Chen from Farnsworth Middle School. These (3) schools and (2) individuals competed at the State Competition on March 28th, 2015 at RPI.

SPECIAL THANKS

We would like to express our sincerest appreciation and gratitude to GE Global Research Center, Greenman Pedersen, Inc. and the GE Volunteers for the donation of their facility, time, food, competition t-shirts, refreshments and volunteer efforts in hosting this important competition. Special thanks to Coordinator Vrinda Rajiv and to GE Volunteers: Masako Yamada - Guest of honor, Kenneth Conway, Dan Hancu, Alex Lankoulska, Alexandre Lankoulski, Rita Lynch, Gary Mandrusiak, Beth Matzkin, Luis NG Tari, Michael Pawlak, Jeannette Roberts, Rajiv Rajan and Vrinda Rajiv.

CDCNYSSPE Co-Chairpersons:
David J. Hansen, PE & Martin J. Zanghi, PE

Statisticians:
Paul Adel, PE & Howard Riggert, PE

Grading Coordinator:
Kathy Ervolina

Volunteer Coordinator:
Susan DeSimone, PE

Press Coordinator:
Jim Galarneau, PE

Program & Certificates:
Anne Garrity, PE

General Electric Coordinator:
Vrinda Rajiv

Founding Sponsors: The National Society of Professional Engineers (NSPE), the National Council of Teachers of Mathematics, and the CNA Foundation.

Local Sponsors: The GE Company, GE Volunteers, Greenman Pedersen, Inc. and Capital District Chapter of the New York State Society of Professional Engineers.
Three teams at top of math competition in Niskayuna
Saturday, February 7, 2015
By Kyle Adams (Contact), Gazette Reporter

Photo: Capital Region middle school students compete in the fast-paced Countdown Round of the MATHCOUNTS regional qualifying competition Saturday afternoon at GE’s Global Research Center in Niskayuna.

NISKAYUNA — More than 120 students from 14 area middle schools put their problem-solving skills to the test Saturday in the national MATHCOUNTS competition at GE’s Global Research Center in Niskayuna.

The students spent the morning with pencils, papers and calculators competing in both team and individual events to see who would move on to the state-level competition and, after that, the national level.

After lunch, parents were welcomed to watch the students compete in the Countdown Round, a more active, game show-style competition that, while not counting toward advancement in the competition, gave the students a chance to show off their rapid-fire math skills before their peers and family.

“It’s impressive,” said Vrinda Rajiv, a computer scientist at GE and leading organizer of the event. “It’s not just the knowledge, it’s the speed and agility with which they can understand the question and then answer it.”

Farnsworth Middle School in Guilderland took the No. 1 spot in the team round this year, followed by the Albany Academies at No. 2 and Iroquois Middle School in...
Niskayuna at No. 3. All three will advance to the state-level competition, as well as two individual students, Yeon Woo Kim and Rubin Chen, who were not affiliated with a team.

The competition has been held for the past 32 years by the national MATHCOUNTS program, which aims to improve math skills among middle school students. This year, the Capital Region qualifier was sponsored by GE Volunteers and the Capital District Chapter of the New York State Society of Professional Engineering.

Students on MATHCOUNTS teams at local middle schools have been working hard in preparation since the fall, not only staying after school during the week, but even going in on weekends to sharpen their skills. “It’s like sports — it’s something you work hard at, you get better at, and you can see yourself improve,” said Saturday’s guest of honor, Masako Yamada, manager of the advanced computing lab at GE. “Not just the kids, but the coaches, the scorers — they have invested a lot into this.”

Twelve-year-old Joy Lim, a seventh-grader at Iroquois Middle School, said she has been putting a lot of time into improving her math skills lately. After last season, one of her coaches said, she really committed herself to practicing math.

“It’s just one of those things that I’ve been trying to be good at,” she said. “I practice a lot, just go on the Internet and do some problems.”

Her work paid off. Joy took first place in the high-pressure Countdown Round against many students with a few years on her. “It was very impressive and I’m thrilled that she won today, because there’s no one who deserves it more than she does,” said 16-year-old Gideon Schmidt, a sophomore at Niskayuna High School who helps coach the school’s MATHCOUNTS team.

“I think we had eight people graduate last year, so our team is entirely sixth- and seventh-graders,” he said after the competition. “We weren’t sure if we were going to make states, but we were top three, and we’re really pleased.”

Schmidt participated in MATHCOUNTS when he was in middle school, and said the experience has shaped his life since. He plans to pursue some kind of math or engineering in college, he said.

“It definitely helped me become who I am,” he said. “I learned to compete, I learned to solve a lot of cool math problems, and I just met a lot of cool people. Almost everything I do, I can say, ‘Yes, MATHCOUNTS helped me with this.’”

The state finals will take place at the Rensselaer Polytechnic Institute campus in Troy on March 28.
NEW Sponsorship Opportunities for 2015

2015 CDCNYSSPE Annual Sponsorship Program

We invite you to become an annual sponsor of our Scholarship Program. There are great advantages to being an annual sponsor at Capital District Chapter of the New York State Society of Professional Engineers seminars, events, in the newsletter and on-line. We offer five primary levels of participation and benefits, as well as a Donation option for our Scholarship Program.

For more information, please contact John Steele (jsteele@steele-engineering.com), call 518-428-5509 or go to www.capdistpe.org.

Discounted Sponsorships and Advertisements are only available through January 31, 2015. We accept Sponsorships and Advertisements throughout the rest of the year at the regular prices.

Hole Sponsors will have a display sign located at a tee box with their company name and logo and will be recognized during the awards portion of the tournament for their generous support of our scholarship program.

Foursome Sponsors will be able to submit names of four team members who will receive 18 holes of play, golf cart, food and beverages and all will be eligible for prizes. The sponsor will be recognized during the awards portion of the tournament for their generous support of our scholarship program.

Donations of prizes or gift certificates are also appreciated for either golf tournament.

Chapter Board Meeting Locations and Dates Come Join Us!

The Chapter would like to remind all members that one of the great ways to stay informed about our organization and to participate in the events that affect your engineering profession is to attend a Monthly Chapter Board Meeting.

Meetings are held on the second Wednesday of each month (September through May) at 7:30 AM to discuss chapter business and help decide the direction that our Chapter will take. Meetings are either at the NYSSPE office at 6 Airline Drive in Albany, or ATL, 22 Corporate Drive, Clifton Park, NY (see the chapter website for that month’s location @ www.capdistpe.org. No invitation needed! New chapter members are welcome to attend and we always value your input.

Thanks to XKCD.com for the comic!
Member Benefits – including 15 free PDHs!

NSPE membership gives engineers the tools and services they need to be better informed and better connected within their professional community. Please note that not all PDHs are NY State approved - contact NYSSPE @ www.NYSSPE.org for approval status.

15 Free On-Demand Courses

NSPE membership includes 15 free on-demand seminars that you can conveniently view from your home or office. These courses are available for free to NSPE members. Please log in, if you haven't already, then complete the check-out process. You will not be charged.

The 15 courses for 2015 are:

- A Detailed Look at EJCDC's Newly Released P3-508 Form for Public-Private Partnerships
- Career Transitions
- Designing for High Wind
- Emerging Trends: Seismic Shifts
- Engineering Ethics: Business Issues
- Engineering Ethics: Technical Issues
- Engineering Ethics: Professional Issues
- Ethics & Risk Management: When Trust Me Isn't Enough
- Ethics and Sustainable Development
- How Effective Leaders Manage Conflict
- Leading as an Engineering Responsibility
- Seven Secrets to Successful Negotiation
- Team Building Skills for Engineers
- The Pros and Cons of Using a Consultant
- Today's Three Greatest Risks in Green Design & Construction
